Inflatable FAQ

Here are answers to some common questions:

Are the Inflatables fire-proof? Yes, the fabric is coated at manufacture to meet BS5438, a certificate is provided.

Do they come with built in fans? Yes, the 150mm 6" fans sit at the top of the inflatable.

How heavy are they? Approx. 1.5-2kg each.

Are they supplied with bags? Yes, usually two inflatables per bag, unless otherwise requested.

Do they have lights inside? Yes, the stars have a pulse strobe lamp or a white lamp included in the price. Or you can upgrade to a 16 colour LED, see below for more.

How are they hung? They are suspended from a small chain at the top of the fan, which is connected to a swivel hook and then spring hook.

This can then be attached to a permanent or temporary anchor point.

Can you print on them? Yes - there are some sample sizes and prices on following pages.

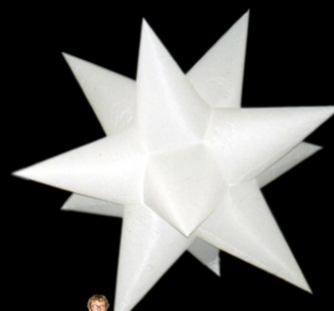

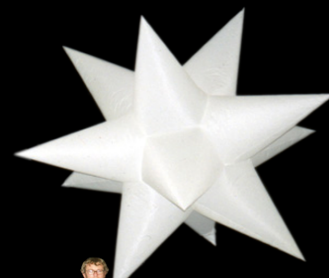

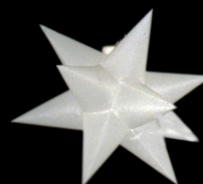

Can they be used outdoors? Not suitable for outdoors as they have an open fan at the top which would let in rain. OK in marquees or covered areas, would fit IP44 Ceeform type enclosed couplings to comply with regs. (+£5 each)

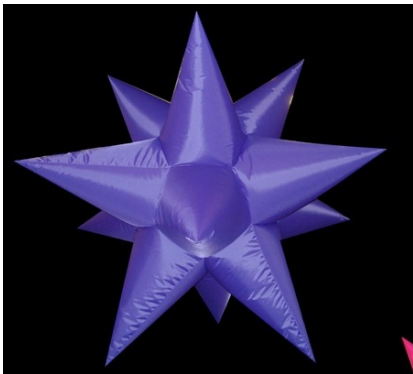

Top of fan unit with chains & springhooks

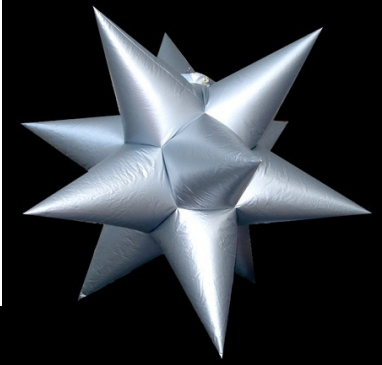

Self Inflating Hanging Basic 12 pointed Star-shaped inflatable							
Model dimensions W x h cm's/ft					Quantity	Price each	
91	cm wide x	91	cm high	91	cm deep	1 unit	£ 140

3.0	ft wide x	6.0	ft high	3.0	ft deep	2-4 units	£ 126
70	cm wide x	108	cm high	70	cm deep	1 unit	£ 130
2.3	ft wide x	3.5	ft high	2.3	ft deep	2-4 units	£ 117

This inflatables price includes internal fan units and 10m power leads also a **Colour Changer LED lamp with remote control**

Printed Logo Inflatables

- We can reproduce most logos in images with 4 colour CMYK Thermal printing.
- This method inherently infiltrates the fabric to prevent dyes cracking in future.

I'm using sample sizes based on best value for size.

- Though you could choose any size between 75cm high to 300cm high Please send us your logo for an accurate non-obligation quote and impressions of your inflatable in 3-d

Custom or cut-out shapes will need to be priced on an individual basis, as size is determined by your image or logo.

- If you only require your image on one side, prices would be reduced

*1 off prices are for x1 unit only

*2-4 off prices are for x 2-4 units

Disc-shaped Inflatable printed image or logo on both sides. Colour Changer LED lamp with remote control

152	cm wide x	305	cm high	30	cm deep	1 unit	£ 240
5.0	ft wide x	10.0	ft high	1.0	ft deep	2-4 units	£ 216

This inflatables price includes internal fan units and 10m power leads also a **Colour Changer LED lamp with remote control**

Self Inflating, hanging Cut-out Mask-shaped inflatable, Image print on ONE side only

Model dimensions W x h cm's/ft						Quantity	Cost each
152	cm wide x	91	cm high	25	cm deep	1 unit	£ 245
5.0	ft wide x	3.0	ft high	0.8	ft deep	2-4 units	£ 221
187	cm wide x	122	cm high	25	cm deep	1 unit	£ 260
6.1	ft wide x	4.0	ft high	0.8	ft deep	2-4 units	£ 234
233	cm wide x	152	cm high	30	cm deep	1 unit	£ 280
7.6	ft wide x	5.0	ft high	1.0	ft deep	2-4 units	£ 252

This inflatables price includes internal fan units and 10m power leads also a **Colour Changer LED lamp with remote control**

Self Inflating, hanging Cut-out Palm tree-shaped inflatable, Image print on ONE side only (two sided print available)

Model dimensions W x h cm's/ft						Quantity	Cost each
100	cm wide x	175	cm high	25	cm deep	1 unit	£ 245
3.3	ft wide x	5.7	ft high	0.8	ft deep	2-4 units	£ 221
122	cm wide x	214	cm high	25	cm deep	1 unit	£ 265
4.0	ft wide x	7.0	ft high	0.8	ft deep	2-4 units	£ 239
152	cm wide x	260	cm high	30	cm deep	1 unit	£ 285
5.0	ft wide x	8.5	ft high	1.0	ft deep	2-4 units	£ 257

This inflatables price includes internal fan units and 10m power leads also a **Colour Changer LED lamp with remote control**

Indoor/Outdoor Branded Tubes

If you require an inflatable tube or cone or other custom model to be used in an outside location, you will need to use this version of the base fan unit. Rated to IP44 though **not suitable for use in heavy rain or wind**, where it should be turned off as water could be sucked in to the fan. Strong wind might blow the inflatable sleeve on its side.

It is lit internally by 3 x 192 RGB leds which is controlled through a DMX 512 controller or can operate in automatic mode by adjusting Dim switches to set sequence.

The units lighting has 6 channels options for

Colour set

Colour fade

Colour chase

Strobe

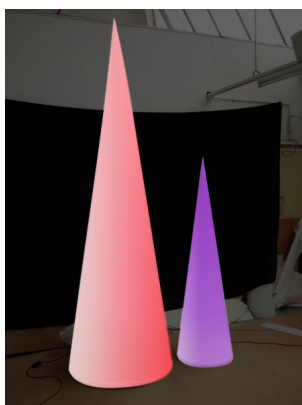

Speeds of chase and strobes can be controlled through the DMX controller.

Units can be can be Daisy-chained via the DMX cables. Units can also be hung downwards,

Please enquire for more technical specs.

Base unit including colour

		1 off	£ 0.00	
	Extra unit	1 off	£ 15.00	
		2-4 off	£ 13.50	

Technical

The majority of our inflatables hang downwards and are continuously kept inflated by a small fan in the top, using domestic 240v supply rated at 3amp.
sizes range from 3ft (1m) to 10ft (3m)

All inflatables come with 10m leads. They all include a colour Led lamp, with many effects including fade and pulse, or colours can be set to match the mood.

The images are thermally printed in CMYK, millions of colours on strong hang-glider type material which is Ripstop Nylon Flame retarded to B.S.

Our inflatables all come with one year component failure warranty, our products are also insured for product liability to £5million.

The inflatables are very easy to install..pretty much straight out of the bag. You will need a domestic power supply, they come with 10m of cable and a suitable anchor point..like a lighting truss or similar, where you can clip the springhooks of the inflatable, they do not weigh more than about 1.5-2kg each.

You should check the clearance height of your ceiling as you don't really want them at hand-level.

Not suitable for Outdoor Use. (With the exception of the freestanding models.)

Artwork Format (if applicable)

Would need full artwork for printed models.

Either Illustrator type artwork .ai, .pdf, .eps, .cdr, .svg

and Photoshop for photographic type images. Very high resolution/size required .psd, .tiff, .bmp.

Production Times & Deposits

Production lead time is currently 2-3 weeks from confirmation, artwork confirmed and deposit received.

Initial minimum 40% deposit required(for customised jobs), balance prior to despatch.

Print or other specifications cannot be changed once we have committed to print, cancellation after this time will mean your deposit will be taken by Lucid as compensation.

No jobs can be guaranteed within one week of order, but may still be possible without guarantee.
